

December 1, 2006

After many months of constant effort, the lobbyist filing system is up and running. This means that all [lobbyists who are required to register](#) with the OSE by January 15, 2007, may do so online for the [2007-2008 registration](#) period, beginning on December 11, 2006. The online application features an updated registration form as well as credit card payment functionality. We appreciate the outstanding efforts of our outside project manager, David Noell, and Iris D'Oleo-Edwin of our staff for pushing this project to completion ahead of schedule.

Please direct any registration questions to Iris D'Oleo-Edwin at 860-566-4472.
